## system customizations & material options

**Specifications** Clark sofas come with comfort bed of up to a 14 cm mattress made from either foam (depending on density) or spring. Standard mattress base support is slats & straps, although other options are available upon request.

**Material options** Clark sofas come in customer specified range of fabric and leather materials. Legs are available in either steel or wood (oak or ash).

## general notes & reminders

**Fabrics and leathers** — As we are the contract furniture brand, there are no standard fabric or leather selection. We kindly ask you to contact us for the full selection of the fabrics and leathers. When specifying fabrics or leathers, please mind the intended usage and fire regulations in country of installation/usage.

**RAL colors** — For small orders, our standard colors are: Traffic White - RAL9016, Graphite gray - RAL7024 and Jet black - RAL9005. For large orders a specific RAL color can be specified by the customer.

**Wood finish** — Every visible wood element can be specified as oak or ash with the clear protective coat. For large orders it is possible to specify custom wood finish.

**Customization** — We are happy to customize our furniture to your exact specifications. Please note that for small orders of just few pieces it may not be advisable to fully customize the furniture. Before placing any customization request, we kindly ask you to consult customization sketches in this catalog under every collection, and technical drawings that can be found on our web page under "professional area" section. Throughout the process of ordering the customized furniture you will receive full support of our staff, but unless otherwise agreed, we are not responsible for the fit or functional issues that are resulted by your requested specifications.
